GOOD BUSINESS RECORD
 T. S. Shroat commenced business in Owensville, Ky., in 1890 in the furniture and undertaking business, and there have been few persons who have kept up with the times any can be. He is one of the first of the state to do em-

months and was gassed while on the front. A short time after he came home he developed consumption and suffered several months. Funeral services were conducted by Rev. Clyde Darrin, of the Mt. Sterling Christian Church. He leaves three brothers, John of Mt. Sterling, with whom he made his home, Richard, of this place, Lee and Arch, who live in the West, and one sister, Mrs. Alfred Phillips, of Lexington. He was a good boy and had a host of friends who will miss him.

In the light of God we see you
 Each night as we lie down,
 We hear your voice as when
 On earth and see each smile and frown
 And when we are called to join
 You Dear Ed, this world and all
 Is through we pray God to let us
 Go as peaceful and brave as you.
 From our hearts comes a bitter cry,
 Why did you die our dear one die.

Then comes the thought so solemn and deep,
 He is not dead but only asleep.
 It was the foot steps of an angel that
 Silently entered the door and took
 From our circle a dear one to dwell
 On that Heavenly shore.

UNUSUAL CONDITION

Texas Lady Suffered With Pulling

and Aching Pains in Her Back, Which Cardui Relieved.

Houston, Texas.—Mrs. C. D. Cook, of 1912 Whitty Street, this city, recently said: "About four months after my marriage, I began suffering much pain, and knew that my condition was unusual, but couldn't just decide what was wrong. I had to go to bed. . . .

"All across my back and hips were pains, pulling and aching until I could hardly sit up. I stayed in bed a few days. My husband had heard of Cardui, so I told him he might get it. . . . After I had taken Cardui a few days, I was up. I took five bottles and haven't been in bed since for this trouble, for if I have the least symptoms of this trouble I get Cardui and take it in time.

"I have a number of friends who have used Cardui, and they recommend it very highly."

The experience of this Texas lady is similar to that related by thousands of other women.
 Cardui is purely vegetable, and mild and gentle in its action. Cardui may be the very medicine you need if suffering with womanly troubles.
 Take Cardui.

SEASON BREAKING GROUND FOR KENTUCKY CHILDREN'S HOME

Left to right: George L. Sehon, Superintendent, breaking the ground on the site of the Children's New Home, to be built by the Kentucky Children's Home Society at Lyndon; W. W. Davies and Lee L. Miles, members of the Building Committee, and Hugh L. Nevin, Architect.

WHEN ground was broken Tuesday, March 1, for the \$200,000 home of the Kentucky Children's Home Society at Lyndon, Ky., by George L. Sehon, head of the society, the people marked the future home of Kentucky childhood erected by Kentucky children.
 Mr. Sehon last month announced that work would start on the group of buildings, March 1, regardless of weather conditions and the promise to Kentucky's childhood was kept. The ceremonies were marked by a solemn benediction the great work of the institution of its kind in the country. This institution whose mission is to rescue from the clutches of evil environment those children who have not been born with the advantages that go forward meaning success in the life of the world.
 "It can't make a silk purse out of a sow's ear," one of the spectators said. "Mr. Sehon twenty years ago was a boy in the infancy."
 "But today in many schools in Kentucky there is at least one child who got their start at the Kentucky Children's Home Society," said Mr. Sehon. "In every community there is some beloved character, man or woman, some successful man or fond parent who once was a ward of the Kentucky Children's Home Society and who now would be in the evil surroundings of his or her birth, but for the helping hand of the society."
 Mr. Sehon intends to raise the fund for the cottage plan institution at Lyndon, through the schools of the state. He wants the nickels and dimes of the children to build the monument to childhood instead of chaining the money in a lump sum from some philanthropist. He believes that through this method of raising the money, each child's heart will be filled with the thought of the good done with a nickel or dime of the soul that has been saved or will be saved.
 Approximately \$1,000 toward the building of the cottage plan institution has been raised toward the society's fund. The ninety-acre tract of land where the future home of the institution has been purchased, leaving about \$100,000 cash on hand to be at the disposal of the society for building purposes.
 It is estimated that this sum will be needed in the erection of the administration building and two double cottages which will house about 75 children each. These buildings will be completed about October 1.
 As accommodations then will be available at the new home for only about 150 children, whereas about 100 children are now at the home on Baxter avenue, it may be necessary to erect some temporary buildings.
 Mr. Sehon says he feels assured that the remaining \$100,000 needed to complete the cottage village will be raised during the campaign this summer.
 Ultimately the institution at its new location near the Kentucky Military Institute will be a center of the cottage plan, a school, a hospital, a chapel and a place where the father to provide food and light and also to manufacture
